REVIEW

All Barbera, the 2023 Barbera d'Amador Estate Grown is aged 14 months in used French oak for the most part, and medium-bodied in style. Food-friendly, with the grape's hallmark acidity, it is tart in cranberry, orange peel, and juicy rusticity. From a site planted at 1,550 feet in granitic soils, it offers moderate complexity and approachable pleasure, a great wine for the table. Drink now-2030.

Andis has a great hospitality space in the heart of Amador County and takes a lighter approach to its wines. Estate winemaker Mark Fowler works with Napa Valley-based winemakers Maayan Koschitzky and Philippe Melka to manage both the estate and source grapes from the wider area.
