from
California's
Sierra Foothills

REVIEW

The 2023 Cabernet Franc takes its inspiration from the Loire, not from Bordeaux, coaxing herbal and black olive character from high-elevation grapes, sourcing from various sites at varying locations. Dusty, chalky tannins wrap around rich black cherry, cocoa powder, and tart acidity, remaining fresh and complex. Drink now through 2030.

Andis has a great hospitality space in the heart of Amador County and takes a lighter approach to its wines. Estate winemaker Mark Fowler works with Napa Valley-based winemakers Maayan Koschitzky and Philippe Melka to manage both the estate and source grapes from the wider area.
